### **Annual Apartment Inspections**

Per the notice that was sent out on October 5, 2018, the second bi-annual campus wide apartment inspections will begin the first week of November. You do not have to be present for the inspection to take place. You will be notified if an inspection took place while you were gone. Keep in mind the different things staff will be looking for: soiled carpets, trip hazards (throw rugs that can easily be tripped over), blocked egresses, and clutter.

### **Winter is Coming....**

Please take the chance if you haven't already to check your thermostat, turn on your heat and make sure everything is in working order. Please be careful when parking during the snowy days that you do not park on the sidewalk- the snow blowers need room to maneuver and do their job.

*From the staff at the Village of Redford,  
may your Thanksgiving be full of warm  
memories with cherished family & friends.*

# It's Your Life. Live It Well.

## Life Without a Car

A few weeks ago I experienced - temporarily - what many of us will perhaps one day experience permanently: life without a car. Some of you may already be in that situation. I still had to go to work. I still had meetings to attend. I still had errands to run but I had no car. It was in the shop for some minor repairs that of course took longer to fix than I was originally told so when all was said and done, I was without a car for a little over a week.

I live alone and my kids have long since flown the coop to pursue adult lives of their own. Besides, they don't live nearby so asking them to cart me around wasn't really an option. So what was I to do? I was in a bit of a bind until I remembered something my daughter's boyfriend recently told me, that he was living the "app life". So what does that mean?

Well, if you own a smartphone and have access to the internet you have a lot of power in your pocket. There are thousands of computer applications, which are essentially small computer software programs commonly referred to as "apps" that you can place on your phone that allow you to do numerous things and provide you with easy access to a variety of innovative and useful services. Among them are apps that will link you to ridesharing services, two of the most popular being Lyft and Uber.

Over the course of the next few months, I will be sharing with you how I used "apps" to do what I needed to do and be where I needed to be without a car. In so doing, I discovered that giving up my car didn't mean I had to give up living my life. So stay tuned. Next month I will start by sharing how I used Lyft to get out and about.

## What Goes Around Comes Around

Recently I experienced good karma in a way which affirms my belief in caring about others. My grandma was right when she used to say: "What goes around comes around." I have witnessed this phenomena in many ways over the years. In my recent experience I was attending an annual meeting with an organization still somewhat new to me; and more than several attendees reached out to me in an intentional manner to include me and make me feel welcome. I am usually that person that notices when a fellow human being needs to be welcomed so this was a gratifying experience for me.

Bringing this concept around to PVM, residents often talk about how they and their neighbors all look out for each other. This has created a sense of community which adds to their quality of life. Unfortunately I have heard stories with the opposite script. We all have had issues to deal with and problems to conquer. The longer we have been on this earth the more we have endured as well as enjoyed. Keep that in mind and lift another person's psyche. Offering a smile and welcoming a newcomer can pay great dividends. You may meet a new lifelong friend or may need a smile yourself on any given day. "What goes around comes around."

## This Month at the Movies...

**All Saints:** In this uplifting true story, Pastor Michael Spurlock receives a directive to close tiny All Saints Church, which can't pay its mortgage. Instead, he turns to a group of Southeast Asian refugees to help create a working farm that will pay the bills.

**Won't You Be My Neighbor?** For over 30 years, Fred Rogers, an unassuming minister, puppeteer, writer and producer, was beamed daily into homes across America. In his beloved television program, Mister Rogers' Neighborhood, Fred and his cast of puppets and friends spoke directly to young children about some of life's weightiest issues, in a simple, direct fashion. There hadn't been anything like Mr. Rogers on television before and there hasn't been since.

**The Final Year:** Enjoying rare access to Barack Obama and some of his top aides during the last year of his presidency, filmmaker Greg Barker captures the urgency of White House foreign policy experts as they hasten to cement Obama's global legacy.

**A Wrinkle in Time:** From visionary director Ava DuVernay comes Disney's A Wrinkle In Time. Based on the timeless classic and filled with spectacle, warmth and heart, this celebrated film follows an ordinary girl's epic adventure and brave journey home, with the ultimate triumph of love.
