## For Your Safety.

*By Carrie L. Moon-Dupree,  
Vice President of Risk Management & Quality*

### We'd "Love" to Hear from you!

It's that time of year; no not fall but rather "Resident Satisfaction Survey" time. In September you will receive a letter announcing that the annual resident satisfaction surveys are coming. Approximately a week later the actual survey, will be sent out. You will have approximately two week in which to return the survey, either in the return envelope, or in the survey box provided by your administrator. After all the surveys have been tabulated, each Village Administrator will receive the results, along with a list of comments, both good and bad. These results will be shared with you and the Board of Trustees.

This year we have partnered with a new survey company, Holleran. They are a leader in the survey field for senior living / long term care. Holleran is helping Presbyterian Villages develop a survey that really captures what our residents think

and feel about their interactions with us. Lest you think your voice doesn't matter, I can tell you personally that Presbyterian Villages of Michigan pays attention to the survey results. We do spend a great deal of time understanding what we are doing right and what needs improvement based on your answers. As a result of last year's survey, every Village worked on something that was identified in that Village's survey results that needed improvement. This year you can let us know how we did.

I look forward to hearing from you and sharing the 2013 survey results. Your opinion does matter to us. Please take the time to take this confidential and anonymous survey and let your voice be heard.

### DON'T BE SCAMMED

Recently I read an interesting anecdote which asked: What do you call a person with an offer you can't refuse offering amazing returns on your investment? The answer: a scam artist who belongs in jail! Don't be taken in by these unscrupulous criminals. Protect yourself!

Here are some simple tips to follow.

Remember:

If something seems to be too good to be true, it is!

If someone is really a prince or princess from some foreign country they do not need your help to claim their fortune.

Any legitimate person would not approach a total stranger and ask for money. Tell telephone solicitors that you do not accept any requests over the phone. Always check with a trusted source (relative, friend, long-time financial adviser before investing any money in anything. Do not give in to pressure to buy. And if someone pulls that on you report them immediately.

Do not fall for the "grandparent scam" whereby someone calls telling you that your grandchild is in trouble and needs you to wire money to him or her. Remember that for every dollar you own there are thousands of people trying to steal it.

If you think you may have already been scammed tell your family or trusted adviser immediately. Many times folks fail to report these incidents because they are embarrassed. Anyone can be scammed. Just don't let them get away with it. The faster it is reported the better chance there is of recovering losses.

Follow these simple tips; and you will be a smart and savvy senior. Cheat these scam artists out of the opportunity to cheat you!

All the best to you and yours.

## Are You Ready?

Did you know that September is National Preparedness Month? If there were an emergency, would you know what to do? According to the U.S. Centers for Disease Control, there are four steps we need to take to prepare for an emergency:

- 1. Get a Kit:** In an emergency, food and water may be scarce. That's why you should store at least a 3-day supply of food and water for yourself and your family. Having a first aid kit available along with a flashlight and a battery powered radio (with extra batteries) is also important. Additional important items can be found at [www.ready.gov/basic-disaster-supplies-kit](http://www.ready.gov/basic-disaster-supplies-kit).
- 2. Make a Plan:** Emergencies fall into one of two categories: those that require evacuation and those that require you to shelter in place. You should plan for both scenarios including determining what supplies you will need, where you will go, and how you will get there. For help making a plan, visit [www.ready.gov/plan-for-your-risks](http://www.ready.gov/plan-for-your-risks).
- 3. Be Informed:** Learn how your local community will notify you of an emergency. Methods vary but commonly include emergency radio and TV broadcasts. To learn what methods are used in your area, contact your local public safety office.
- 4. Get Involved:** Preparing for an emergency is a community-wide effort. There are many ways you can get involved including volunteering to be part of a Community Emergency Response Team, being a part of your community's planning process or donating needed emergency supplies. Additional ideas can be found at [www.ready.gov/get-involved](http://www.ready.gov/get-involved).
